ALLEGHENY COUNTY COUNCIL

Honorable President and Members
Allegheny County Council
119 Courthouse
Pittsburgh, PA 15219

'08 MAY 1 AM10:49

Dear Council Members:

Please find the attached resume of David P. Mazzocco, whom I am recommending for reappointment to the Air Pollution Control Advisory Committee.

The Air Pollution Control Advisory Committee currently operates under Section 2101.07 of Article XXI of the Allegheny County Health Department. The Committee recommends to the Board of Health additions and changes to the rules and regulations, and advises the Department and Board of Health on matters relative to the control of air quality in Allegheny County. I am recommending that Mr. Mazzocco serve another 1 year term, which will expire on December 31, 2008.

Mr. Mazzocco currently serves as the Director of Environmental Health and Safety in the Industrial Coatings Segment of PPG Industries. Through his various positions with PPG, he has gained extensive experience on environment, health and safety regulations, permitting and compliance strategies throughout the world.

I appreciate your consideration, and ask you to act on this appointment as quickly as possible. Mr. Mazzocco will make himself available for review before the appropriate committee if members of Council wish to speak with him.

Sincerely,

Dan Onorato
Allegheny County Executive

David P. Mazzocco
Director –Environment Health & Safety
Industrial Coatings Segment
PPG Industries, Inc.

A 30 year veteran of PPG, I joined the company in 1978 as a technician in the Springdale, PA analytical laboratory and continued my education at night school completing a B.S. Degree in Chemistry at the University of Pittsburgh in 1982. After graduation, I became an Industrial Hygiene Chemist.

In 1986 I moved to supervise the Environmental Testing Laboratory which specialized in air and waste sampling and analysis. I then moved to the PPG Cleveland, OH Automotive Coatings Plant as the Environmental Manager in 1989. My responsibilities in that role included all environmental compliance aspects for the Cleveland paint plant, Strongsville Powder Coatings Plant and 10 Automotive Service Facilities across 6 states. I returned to Pittsburgh in 1991 as Manager of Air Quality Programs for the Coatings Group and advanced through various roles over the next several years.

I moved to my current role 2003 and have global EHS and Product Stewardship responsibilities for PPG's Automotive, Industrial and Packaging Strategic Business Units, known as the Industrial Segment. This segment represents a \$4 billion portion of PPG's global operations and covers approximately 50 manufacturing sites

In my various positions with PPG, I have gained extensive experience on environment, health and safety regulations, permitting and compliance strategies throughout the world. I also directed the development and implementation of the PPG Coatings ISO 14001 Management System which has earned a global certification for over 30 participating sites.
