Stephanie,

Please note that I am stepping down from my position on the Council of Friends of Harrison Hills Park effective Immediately.

I have been proud to work with the Council to improve our park. The past few months personal reasons have prevented me from a full commitment to the park.

I appreciate the opportunity to serve the community. I will continue to support and frequent the park and its many services it provides.

Thank you all for the tireless efforts to keep the park so beautiful for the all to enjoy.
