INTEREST IN THE PARKS

I believe that green spaces such as South Park are a vital and necessary part of any society, and I consider it an honor to serve as a steward to such spaces. In fact, I have served as an Urban Eco Steward for the Pittsburgh Parks Conservancy for several years.

I am also a marathon runner and amateur ornithologist of sorts. I do most of my training in the park and have experienced first-hand the growth and increased diversity of bird species that South Park has enjoyed in recent years.

SYSTEMS ADMINISTRATOR/PROGRAMMER

I am an IT professional with experience in all aspects of the software development lifecycle. I develop solutions using database and web server technologies. I am currently employed by the Veteran's Administration Pittsburgh Healthcare System and worked at the University of Pittsburgh before that.
