Dear Council Members:

Please find the attached resume of Mr. Dave Mazzocco, whom I am recommending for reappointment to the Air Pollution Control Advisory Committee ("Air Pollution Committee").

The Air Pollution Committee recommends to the Board of Health additions and changes to the rules and regulations, and advises the Department and Board of Health on matters relative to the control of air quality in Allegheny County. If reappointed, Mr. Mazzocco will serve until the end of his position's current term, February 18, 2003.

Mr. Mazzocco has been a strong chemical industry representative member on the Air Pollution Committee. His professional experience has been and will continue to be a key asset to the Committee, particularly because the chemical industry is a player in ozone and smog issues.

I appreciate your consideration and ask you to act on this appointment as quickly as possible. Mr. Mazzocco will make himself available for review before the full Council or the appropriate committee if members of Council wish to speak with him.

Sincerely,

A handwritten signature in dark ink, appearing to read "James C. Roddey".

Dear Council Members:

At the October 8, 2002 regular meeting of County Council, Council Members raised questions regarding the residency of Dave Mazzocco, whose reappointment to the Air Pollution Control Advisory Committee ("Air Pollution Committee") was given its second reading before Council that evening. After the meeting, County Council agreed that Mr. Mazzocco's reappointment would stand as read during the October 8 meeting if the reappointment did in fact meet all requirements for Air Pollution Committee membership contained in the Allegheny County Health Department regulations. The regulations, specifically Article XXI Section 2101.07(c)(4), state that "[Air Pollution Committee] members may include both residents of Allegheny County and non-residents who have been deemed . . . to have pertinent expertise." Therefore, because Mr. Mazzocco in fact possesses expertise pertinent to the work of the Air Pollution Committee and has demonstrated his expertise as a member of the Committee, his reappointment meets the membership requirements.

If you have any questions regarding this matter, please contact Yvonne Cook at 412/350-6508. Thank you for your patience in resolving this matter.

Sincerely,

James C. Roddey
