Summary

Kane Ross Township Development of Affordable Senior Housing Project

In May 2007, Development Teams were solicited to develop land on the Kane Ross Township site and unused sections of the Ross Regional Center to provide for a practical implementation of County Executive Dan Onorato's Action Plan for the Kane Regional Centers. For the Ross Township Kane campus, this included:

- Construct up to 120 units of independent living for seniors.
- Provide assisted living for seniors on the campus.
- Provide a community day care senior center.
- Advise as to the feasibility of sale or other use of unneeded land on the Ross campus.

Twenty-two solicitation letters were sent. Four developers responded with a written proposal and a presentation of the same in the summer of 2007. The Falbo-Pennrose development team ("Developer") was selected for this project.

Falbo-Pennrose has proposed:

- Construct up to 120 units of independent living for seniors in two phases of new construction mid-rise buildings, each containing 60 units.
- Provide 37 rental units for seniors on the campus within the existing Kane structure.
- Provide a community day care senior center.
- Provide homeownership units on the lower portion of the site.

The primary funding source for the above will be the Pennsylvania Housing Finance Agency and Allegheny County Economic Development. The rental phases will all be for persons with incomes at 60% of the area median income or less.
