As you may be aware, the Government Review Commission is charged with the task of studying the Charter and County government, including the organization, practices, and responsibilities of all County departments and agencies. This task includes evaluating the effectiveness, efficiency, and equity of County government. The five members appointed by Council will be joined by four members to be appointed by the Chief Executive. Once all appointments have been made, the Commission will be sworn into office and will need to organize and establish a work plan for this process. The Commission is also responsible for making period reports on its progress to Council and the Chief Executive and we look forward to hearing from you.
