ALLEGHENY COUNTY COUNCIL

'14 FEB 13 AM 10:18 *gf*

Honorable President and Members
Allegheny County Council
119 Courthouse
436 Grant Street
Pittsburgh, PA 15219

Dear President and Members of Council:

Please see the attached resume of Mark Jeffrey, whom I am recommending for reappointment to the Air Pollution Control Advisory Committee.

This Committee recommends to the Board of Health additions and changes to the rules and regulations, and advises the Department and the Board of Health on matters relative to the control of air quality in Allegheny County. I am recommending that Mr. Jeffrey serve until December 31, 2014.

Mr. Jeffrey is currently the Environmental Director at the U.S Steel Mon Valley Works. He received his bachelor's degree in Chemical Engineering from the University of Pittsburgh; and his master's degree in Business Administration from Duquesne University.

I appreciate your consideration and ask that you act on this appointment as quickly as possible. Mr. Jeffrey will make himself available for review before the appropriate committee should Members of Council wish to speak with him.

Sincerely,

Rich Fitzgerald
Allegheny County Executive

CC: Mark Jeffrey

Work History

United States Steel Corporation (1998 – Current)

April 2011-Current, Director Environmental

U. S. Steel Mon Valley Works

Lead the U. S. Steel Mon Valley Works environmental management system with responsibility for environmental compliance and performance at the Clairton Coke Plant, Edgar Thomson Plant, Irvin Plant, and Fairless Plant. Provide compliance support and technical assistance to operating units. Promote environmental continuous improvement projects. Maintain expert knowledge of current regulations and participate in new rule development at the federal, state, and local government levels. Manage ISO 14001 environmental management program and certification. Represent the Mon Valley Works in environmental industry trade groups such as American Iron and Steel Institute and the American Coal Coke and Chemicals Institute.

2006-April 2011, Manager Environmental Control

U. S. Steel Headquarters

Lead all domestic installation, construction, and operating permitting. Provide compliance support and technical assistance to operating facilities. Coordinate communications and negotiations on new and renewed permits, as well as driving overall compliance goals for the Corporation. Maintained expert knowledge of current and emerging regulations and facilitated communicating information with the plant environmental departments to ensure compliance. Represent the corporation in environmental meetings of industry trade groups, such as American Iron and Steel Institute.

2004 – 2006, Plant Utilities Coordinator

U. S. Steel Edgar Thomson Plant

Responsible for the operations, maintenance, and distribution of all utilities required for uninterrupted operations of an integrated iron and steel plant. Plant utility operations included a powerhouse, multiple air pollution control systems and process water treatment facilities. Planned and directed maintenance and repair of the plant boiler house and industrial steam driven rotating equipment. Lead continuous improvement projects focused on reducing plant energy demands, improving environmental performance, minimizing operating cost of utilities.

2000 – 2006, Process Leader, Environmental Facilities

U. S. Steel Edgar Thomson Plant

Responsible for operating and treating all cooling and waste water systems, operations of gas cleaning facilities, and operation of dry particulate collection systems. Maintain preventive predictive maintenance program within the areas. Management duties included providing technical support, scheduling, implementation of training and safety programs, and implementing and evaluating continuous improvement project. ISO 9001 and ISO 14001 Document Custodian and Internal Auditor.
